

REMARKS

With entry of this amendment, claims 15-17 are pending. Support for the new claims can be found in the originally filed claims and throughout the specification. No new matter has been added. Reconsideration is requested.

The Examiner rejected claims 1, 5, 6, and 10 under 35 USC § 112, second paragraph as being indefinite because it was unclear whether it was intended to claim a compound or a method. The previous claims have been cancelled, and the claims rewritten to clearly recite a method of inhibiting acetylcholinesterase. It is noted that a claim to the compound of Formula I was granted in the parent case to the present application, now U.S. Pat. No. 6,759,552.

Claims 15-17 are believed to be free of the 35 USC § 101 and §112. second paragraph rejections. Favorable consideration and allowance are respectfully requested.

Respectfully submitted,

Date: 8/30/04
